

Many students are lining up at the game booths!

'Let's see what letter I will draw...'

'Look at my professional tossing pose!'

All the participating students can get stamps on their beautiful stamp card.

'I'm sure it must be JOY!'

'See how good I am at aiming the target!'

A student is arranging the letters to form the word 'PEACE'.

'Is the scenario about LOVE or JOY?'

Theme-based activities

Fruit of the Spirit - Love, Joy & Peace English Challenge 1

The English Challenge Week was held in November, 2019. The aim of English Challenge is to build students' confidence and interest in learning English. There were different interactive game booths designed under the school theme of this year - Fruit of the Spirit - Love, Joy and Peace. The games include 'Letter Soup' and 'Sort and Toss'. The level of difficulty of the games is slightly different for Primary 4 to 6.

In this event, our CEOs, our NET Miss Carole and some English teachers worked together to prepare and run the game booths. Students had chances to practise their English in a relaxing and fun atmosphere because they needed to speak in English when playing the games or talking to the CEOs. After completing a game, students can collect one to three stamps on a colourful stamp card. The more stamps you get, the bigger the prize will be. Therefore, many students lined up for the games right after the recess bell rang! It was a great success due to the students' enthusiastic involvement. Due to school suspension, English Challenge 2 was cancelled, but no worries, English Challenge may be back next school year. Stay tuned!

Photo time before working

Some CEOs help in hosting the game booths.

Some CEOs give instructions or maintain the order in the playground.
